

## FYO Service Scholarship for Graduating Seniors

The FYO Service Scholarship for Graduating Seniors is designed to honor college-bound individuals who have demonstrated a significant commitment to the FYO program. The level of commitment will be evaluated by participation in the FYO program, time and energy devoted to service and fundraising activities, and willingness to help with routine tasks involved in the efficient operation of rehearsals and concerts.

One or more scholarships may be awarded each year. Applications will be accepted until the last Saturday in September.

### Eligibility

The scholarship is open to any FYO member in good standing who is graduating from high school during the current FYO season and who has been a member of the FYO program for at least three of their four high school years. Exceptions will be made for FYO members who have moved to the Fairbanks area in the past 2 years and have participated in the FYO program since moving to Fairbanks.

This scholarship is intended for applicants who plan to continue their involvement in music during their college years. That involvement could take the form of continued private lessons on their instrument, playing in their university orchestra, or pursuing a degree in music.

### Evaluation

Applications will be evaluated primarily on service to the organization, secondarily on future musical plans, and lastly on the effort put into the application, particularly the essay portion. Applications will be evaluated by two or more adults. Anyone related to the applicants will not judge the applications.

### To Apply

Submit the following:

1. Completed application form
2. Completed service questionnaire
3. Answers to essay questions
4. Signature of your FYO conductor on application

Completed application must be received by the last Saturday in September. Please give your completed application in a sealed envelope to your conductor at a Saturday rehearsal, or email it to: fairbanksyouthorchestras@gmail.com

Please note: incomplete or late applications will not be considered.
